

C7

Ahhhhhh oooooo

1.This is the way I always dreamed it would be

The way that it is, oh oh when you are holding me

I never had a love of my own maybe that's why when we're all alone

CHORUS I can hear music I can hear music

The sound of the city baby seems to disappear, oh and

I can hear music sweet, sweet music

Whenever you touch me baby whenever you're near

2. Lovin' you it keeps me satisfied

And I can't explain, oh no the way I'm feeling inside

You look at me we kiss and then I close my eyes and here it comes again

CHORUS I can hear music I can hear music

The sound of the city baby seems to disappear, oh and

I can hear music sweet, sweet music

Whenever you touch me baby whenever you're near
